Dear Samantha,

Thank you for meeting with members of the We Are Golf Coalition on Wednesday of this week during National Golf Day.

We appreciated your interest in both the general overview of the golf industry, along with our specific interest in the repeal of the Clean Water Rule and subsequent development of a new Rule that reinstates state/federal cooperation to ensure a clean environment and healthy economy.

Please feel free to call on me if I can provide any insight or information you or Administrator Pruitt need. I am more than happy to be of service to the EPA.

Sincerely,

Steve
