Re: CANCELLATION -- January 27, 1993, Meeting

Because three of the six EDC Panel members could not attend the meeting scheduled for January 27, I have decided to cancel the meeting. In order to find an appropriate date to reschedule, please fill out the attached calendar for February.

An issue that cannot wait until February is the ATSDR toxicological profile. As I have noted before, the comment deadline is February 19, 1993. If members agree, I can draft comments based on the Panel's 1989 comments on the first ATSDR profile. I would estimate that drafting basic comments and sending them through Panel and CMA review would take about 7.5 hours (about \$1,400). Please indicate whether you agree with this approach. In order to have adequate time to draft the comments, Panel members must respond by January 27, 1993.

Thank you for your attention to this matter. I apologize for having to cancel the meeting. Hopefully, we will have better luck in February. If you have any questions or concerns, please call me.

Regards,

Kathleen M. Roberts
