Training Program and Services
Sell Sheet
70-0702-2056-4

The following Training Programs are available through a 3M OH&ESD Distributor:

Product Number	Respirator Fitting Programs and Dust/Fume/Mist Respirators	Length (min)	Posters	Price
TPV-01	Two-Strap and Adjustable-Strap Dust/Mist and Dust/Fume/Mist Respirators	14	2	\$75.00
TPV-02	5000 Series Maintenance-Free Respirators	9	2	\$75.00
TPV-13	6000 Series Low-Maintenance Respirators	9	2	\$75.00
TPV-03	7000 Series Conventional Dual Cartridge Respirators	14	3	\$75.00
TPV-04	Qualitative Fit Testing	5	0	\$75.00
TPV-14	1100 Series Ear Plugs	4	1	\$50.00
TPV-05/English TPV-06/Spanish	Universal Training Program (includes all above)	41	8	\$185.00

Available on VHS tape, these programs describe the proper procedures to follow when donning, positioning and fit checking specific 3M respirators.

Video tapes are also available in 1/2" Beta or 3/4" U-Matic formats at a conversion charge and with two-week delivery.

TPV-07

"Respiratory Protection: Evaluating the Options"

This informative video offers a technical discussion of particulate respirators. It explains how the performance of maintenance-free respirators compares with that of replaceable cartridge respirators in filter efficiency, face fit, and under actual use conditions. Includes section on "Wear Factor." Video length: 36-minutes (in VHS or BETA). \$150.00.

TPV-08/English, TPV-09/Spanish

"Four Elements of Respiratory Protection"

This video provides the viewer with information on respiratory hazards, how to identify types of contaminants, how to select a respirator, and the importance of training in the proper use and care of respirators. Video length: 10-1/2 minutes. \$120.00.

TPV-10

"The Inside Story"

This 11-minute video explains the importance of wearing a respirator when welding and identifies an appropriate 3M respirator to use when welding various substrates and coated surfaces. \$120.00.

TPV-11

"Hazardous Spill Clean-Up"

This program will help prepare your workers to respond properly to spill emergencies. The program includes a 15-minute video, study guides, certificates of program completion, a poster which highlights the "10 Steps of Spill Response" and wallet cards which outline the "10 Steps." \$200.00.

TPV-12

"Positive Pressure Respirators: Supplied Air Helmets and Hoods"

Donning, assembly, and maintenance of supplied air helmets and hoods are explained in this 16-1/2 minute video. Grade D breathing air and NIOSH air flow requirements are also discussed. \$120.00.

How To Order Advertising Literature

The 310 Form is used when ordering advertising stock from Building 216.

- A. Enter complete home address or distributor address.
- B. Provide an employee number if the literature is being sent to your home address. If the literature is being sent to a distributor, providing the distributor account number will expedite the order.
- C. Enter date of order and date needed. **Normal delivery time is 7 days after receipt of order at Bldg. 216.**
- D. Enter your name, employee number and phone number.
- E. Enter advertising code plus the quantity desired. If you would like to receive a shipment notification, check this box.

Retain Requester's copy for your files. Your order cannot be traced without the requisition number (located in the upper right hand corner).

3M Distributors Must Order Through Their Local 3M Representative.

Maximum quantity : 100 per item.
: 10 for Respirator Selection Guide
\$6.00 ea. after first 10.

NOTE:

- Type orders if possible or write clearly and completely.
- If it is a **RUSH** mark it very clearly by using a highlighter.
- An order is usually filled and processed within sixteen (16) hours after receipt at Bldg. 216.
