

Only ADSCO's exclusive features make maintenance so easy. There's no breaking of pipe connections to inspect or service the trap, because all working parts are mounted on the cover. An extra cover assembly becomes a complete spare trap... replace the cover in a matter of minutes, service the original, and the result is a spare trap always ready.

ADSCO traps offer additional exclusive advantages: reversible stainless steel valve and seat double the life of the trap... inlet and outlet connections on both sides make installation easy and less expensive. Write today for catalog data.

...SAVES OUTAGE TIME and MONEY

Use SUPER ADACHROME-CAST to qualify your stud tube water walls. This material penetrates the small apertures between studs—packs to a dense mass when set. One user reports SUPER ADACHROME-CAST lasted twice as long and took but one-third the time to apply as compared with a plastic chrome sealant. Excellent for sealing brickwork when free of slag.

Years, FREE for the asking... an illustrated, detailed Bulletin on Super ADACHROME-CAST.

Long Lasting

ALL PURPOSE SEA-RO No. 535 Pump Valve

Sea-Ro No. 535 Pump Valves are custom made of dense, fine grained phenolic base composition. This stock is treated with a binder, preservative, and laminated with graphite, then laminated under pressure 2000 lbs. per square inch. They are an all-purpose valve eliminating the necessity for maintenance of various valves to insure economical operation. Sea-Ro No. 535 Valves are impervious to decomposition, warping, chemical action and can be resurfaced after years of service for extra duty under the toughest conditions.

Make these 3 Tests to be convinced

FOR SWELLING

Take one of your present pump valves and a Sea-Ro No. 535 of the same size. Boil them together in water for 24 hours. Then let the micrometer measure your amazing story of Sea-Ro's resistance to swelling.

FOR ABSORPTION

Weigh both valves before boiling and then after. Let the scales reveal, as no words can, how Sea-Ro's laminated phenolic base resists absorption.

FOR SURFACING

Spot both valves on a face plate. You will immediately notice the velvet-smooth surface of No. 535 machined ground into the dense, fine grained Sea-Ro Valve.

FREE SAMPLE! We invite you to make this revealing test on your pump installations. Send for a sample Sea-Ro No. 535 Valve without cost or obligation.

SEA-RO PACKING CO., INC., WOOD-RIDGE, N.J.

Every major producer of high-speed equipment uses FAST'S Couplings!

HIGH-SPEED equipment demands components with superior strength, accurate manufacture, long-lasting dependability. That's why it's important to you that Fast's Couplings are selected by every major high-speed equipment producer!

Fast's usually outlast the equipment they connect. Many have been in continuous operation for over 20 years, without trouble of any kind. And Fast's longer life saves you coupling dollars, too, because you amortize their cost over many years of trouble-free operation.

INDUSTRY'S STANDARD FOR 32 YEARS

Engineering Service, write today for your free copy of our catalog. Send to: KOPPERS COMPANY, INC., Fast's Coupling Dept., 223 Scott St., Baltimore 3, Maryland.

Here's How FAST'S Save You Money

Free Service—Koppers free engineering service assures you the right coupling for the job.

Rugged Construction—Fast's still maintains its original design, without basic change or sacrifice in size or materials. Result: freedom from expensive coupling failures.

Lowest Cost per Year—Fast's Couplings usually outlast equipment they connect. Their cost may be spread over many years!
