Notice of Question for **WEDNESDAY, 9th August, 1978**

1070

1070. MR. HARMAN, To the Minister for Mines:

When did the Mines Department first become aware of the dangers of asbestos mining and milling and cancers of the lungs?

REPLY :

It was known in the 1930's that asbestos was harmful to health and this would have been within the knowledge of the Mines Medical Officer.
