Hi Karen,

Short answer: COB tomorrow.

Longer answer (excuse ;)): Since we had to query the field on SO-level policies, we will need time tomorrow to finish up. We also had some policy history blank spots for CC / GHG when no one currently on our team was around. I queried Shannon and Kerry Rodgers, who previously

functioned as senior NEPA leads for their input. Heard from Shannon and hoping to get Kerry's input tomorrow.

Hi, Karen:

Leah sent a note to the State P&EC folks early this afternoon asking for any state level policies. I think that Fariba is pulling together their responses. Deblyn sent me her most recent draft about an hour ago, with a note that Fariba will put it into Google Docs in the morning.

I am planning to read Deblyn's most recent draft this evening.

Hi,  
thanks. it might be good for Steve & I to get a look sooner than COB tomorrow even if it is without the State responses on climate - that way we can be sure we are on the same page on content & organization, etc. and that we don't think we need to add other substantive content. My concern is that I think the intent for W00-100 is to get this to ASLM on monday and having only friday for 200 & 100 review and for you to address/resolve any comments/questions is going to be challenging.

thanks

Hi all,  
my window to review so we can share with the other directorates by COB today is now or 3-4pm. so please send your 'as complete as you can get it' version (you can note where you are still working) before 3pm to me & steve.  
thanks
