Hi All –

Would it be possible to have a meeting this week to discuss the legislation? I would like to have a discussion on ways we can incentivize states to use this program.

The ½ the treasury rate idea is not one Sen. Boozman is tied to, he just wants to find a way to provide affordable money to help states invest in their water infrastructure.

Are you available to meet sometime this week? If you are not able to meet, I would be happy to have a conference call. If available, please send me some times that work and I will work my schedule arounds yours.
