BRING COLOR INTO THE BATHROOM

Any old bathroom can be made pleasingly young and cheerful with a can or two of paint! And at a price lower than in ten years! Choose orchid and canary yellow—lettuce green and beige for walls and woodwork. The paint to use is Satin Eggshell Finish. It has a semi-gloss finish—is both washable and wearable. Its modern colors are cheerful and stimulating!

Then do a second job for nothing! Bathroom fittings, for instance, or furniture and small things. A can of colorful Lustrelac 4-Hour Enamel will make them glow with new interest.

Like all National Lead products, these B-H Products are made of the purest materials. Always economical because they last longer, this year these paints and varnishes are doubly thrifty because they cost so little.
