Subject: Letter regarding West Gateway Terminal

You don't often get email from rebekah.rodriguez@mail.house.gov. [Learn why this is important](#)

CAUTION: This email originated from outside of the Department of Transportation (DOT). Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Hi Hannah,

I'm reaching out to flag the attached letter sent last week by the Members of the Utah congressional delegation regarding the West Gateway Terminal (WGT) project in Oakland, CA.

As you'll see, the letter strongly supports the project and requests coordinated federal action to ensure timely construction, in line with recent Executive Orders on increased domestic energy production and exports. It also outlines several potential steps that your department and partner agencies could take to advance the project, including evaluation under the April 8 EO, review of recent federal grants to the Port of Oakland, and consideration of ICCTA and DPA authorities.

Given the WGT's significance to energy infrastructure, exports, and national security priorities, we wanted to ensure this was on your radar. Please don't hesitate to reach out if you have any questions or need anything further from our end.

Thank you for taking a look!

Rebekah
