From: Chief, Bureau of Ships  
To: Garlock Packing Company, Palmyra, New York  
Via: Inspector of Naval Material, Buffalo, N. Y.  
Subj: Gaskets, metallic-asbestos, spiral wound (symbol 2410)  
(for flanged joints in piping systems)

Ref: (a) Spec MIL-G-16265A

Encl: (1) One copy of EKS Test Rpt. No. 010186 dtd 25 OCT 1957

1. Spiral wound metallic asbestos gaskets (symbol 2410) (for flanged joints in piping systems) of your manufacture were submitted for qualification tests to determine compliance with reference (a) and their suitability for use in Naval service.

2. The results of tests as evaluated in the enclosed U. S. Naval Engineering Experiment Station Test Report Number 010186 dated 27 October 1957 indicates conformance of your Guardian spiral-wound metallic-asbestos gaskets with the requirements of reference (a).

3. Your approved product which will appear on Qualified Products List QPL-16265 is indicated below:

| Government Designation | Manufacturer's Designation | Test or Qualification Reference | Manufacturer's Name & Address                           |
|------------------------|----------------------------|---------------------------------|---------------------------------------------------------|
| Classes b & c.         | Guardian                   | EKS-010186                      | Garlock Packing Company<br>Palmyra, N.Y.<br>Plant: Same |

The qualification approval applies only to the product manufactured at the Palmyra Plant and is effective 8:00 A.M. Eastern Standard Time, as of the date of this letter.

4. The listing of the above product on the Qualified Products List does not guarantee acceptance of the product in any future purchase nor does it constitute a waiver of the requirements of the schedule or the specification, as to acceptance, inspection, testing, or other provisions of any contract involving such product.
