Dear Mr. McMillan:

At our meeting held June 10, 1966, in which the company proposed changes in the Blue Cross-Blue Shield plan in effect for the employees at your Tyler Plant, the union stated that if the union had any objection to the proposed changes, you would be notified within ten days following the meeting. The union does not object to any of your proposed changes.

The changes were (a) The company would pay the \$3.00 premium required by Medicare by reducing the premium contribution of the retired employees by a like amount. (b) The present plan would remain in effect for retirees under 65 years of age. At age 65 the company would provide a policy known as "Senior Texan" from Blue Cross at a cost \$3.75 upon reaching age 65 and retiring.

During the meeting, the union requested, and the company agreed to prepare a stipulation for signature, which evidently has been overlooked. At your convenience would you please mail the stipulation to me for signing.

Very truly yours,

E. R. McAdams
