See page 10 for prices of colors packed for shipment in dry barrels holding 12 to 18 gallons, or in cases of 6 gallons each, i. e., six one gallon pails, or 12 half gallon pails, or 24 quart cans.

Their Paint is sold by The S. W. Company direct to dealers who have been selected as agents for its sale to consumers, and in no other way. The Company has but one price for the paint, all dealers or agents being served alike.

The only deliveries are to New York, Cleveland, Chicago, New York and Boston. When shipments are made from the Company's special warehouses in other cities the cost of transportation (at car load rates), from the Company's own nearest warehouse to special warehouse is added to the price.

**Used as a finishing coat over two or more coats of Flat White.*

Reg. Lead Pipe made with 15 3/4" x 1/4" and 2 1/4"

CREOSOTE PAINT.

CREOSOTE (*Gr. κρέω, to preserve*) has a strong, peculiar smoky odor, and is a powerful antiseptic.

Wood treated with it is not subject to decay.

Combining this *wonderful preserving property* with linseed oil and pigments, we offer CREOSOTE PAINT as an article, the excellence of which must at once commend it to all.

This paint is a superior article for any surface, and is perfectly adapted to use on Bridges, Bars, Roofs, Fences, Out-buildings, etc. Shingles dipped in this paint will last so much longer that the economy of thus treating them is unquestioned. It is also a disinfectant, making it especially valuable for farm buildings, sheds, basements, etc. The peculiar odor passes entirely away with the drying of the paint.

Put up for shipment in gallon Tin Pails, in 5 gallon Buckets and 50 gallon barrels.

NET PRICE PER GALLON.
