To Members of the Lead Industries Association:

Subject: Air Hygiene Foundation Bulletin

The Air Hygiene Foundation of America has recently published Bulletin No. III of the Medical Series, entitled:

"The Choice of Methods of Roentgen
Examination of the Chest for Diag-
nostic Surveys"
(72 pages)

This bulletin reports the findings from x-ray research supported by the Foundation at the University of Pennsylvania and gives practical procedures for x-ray examinations of large groups.

If you desire copies of this publication we shall be glad to obtain them for you at cost, namely, \$1.00 each, plus postage.

Very truly yours,

J. E. Weisman

Secretary.
