Joseph R. Succi, Dec'd
Dorothy Succi, Wid/Clm't
1767 Griggs Rd.
Jefferson, Ohio 44047
Claim No. OD34780-22

The medical records on Mr. Succi, deceased were reviewed in their entirety. In summary Mr. Succi had worked for General Tire in Akron, Ohio for almost 30 years. During the course of his employment he had been exposed to vinyl chloride, an agent which has been associated with angiosarcoma. In September, 1988 Mr. Succi started to experience some pedal edema, further investigation revealed neoplasm of the liver. Biopsy of the liver confirmed the diagnosis of angiosarcoma.

Mr. Succi health deteriorated rapidly he became jaundiced with ascites and edema and eventually he succumbed to his disease on 1/10/89.

OPINION I do think that the disease of Mr. Succi was directly related to his exposure to vinyl chloride and it was the cause of his demise.

Sincerely yours,

Simon A. Basile M.D.
