I apologize for missing our meeting today but we have a tribal Council meeting and I have a record of having only missed one meeting in well over 17 years. The issue of our Mandatory Trust is very serious and I wish I could be present. However I am open to any questions you may have of me following this meeting.

We met during the NCAI executive session when a small group of tribal leaders met with you at interior. I was encouraged by this meeting and hope that we can move forward in a positive way with the new administration.

Thank you and once again if you have questions for me please do not hesitate to contact me.
