Re: Notice of Noncompliance Consumer
Confidence Report Rule
Failure to Report: CCR Certification
PWS ID#: WY5601471 C

Dear Mr. Stewart:

The purpose of this letter is to inform you that Leisure Valley Inc/ Star Valley RV Park has failed to submit a copy of its 2022 Consumer Confidence Report (CCR) Certification to our office by October 1, 2023. The certification provides verification that the CCR has been distributed to customers, and that the CCR's information is correct and consistent with the compliance monitoring data previously submitted to the EPA. The requirement to distribute CCRs to your customers is a cornerstone of the public-right-to-know provisions of the Safe Drinking Water Act (SDWA) and serves as an important avenue to promote public involvement in decisions that relate to the quality of their drinking water.

Failure to prepare and submit the 2022 CCR Certification to the EPA by October 1st is a violation of the SDWA at 42 U.S.C. 300g-3(c)(4) and the National Primary Drinking Water Regulations (NPDWR) of 40 CFR §§ 141.152-155 (Subpart O – Consumer Confidence Reports).

Please take the following actions:

- (1) Complete the CCR Certification enclosed with this letter. This form may also be downloaded from our website at: <http://www.epa.gov/region8-waterops/reporting-forms-and-instructions-reporting-forms> (click on the link for "Consumer Confidence Reports (CCR)").

If you have not yet distributed the CCR to your customers, please distribute the report to your customers as soon as possible and then complete the certification form. If you are unsure how to complete the certification form, please contact the EPA CCR Rule Manager for assistance at the phone number or email address provided later in this letter.

- (2) Submit the completed and signed certification form to the EPA (Attn: CCR Rule Manager) using one of the methods listed below. Please include your PWS name and PWS ID# on all correspondence:

Email: R8DWU@epa.gov

Fax: 1- (877) 876-9101

Mail: Refer to the address at the top of this letter. Please use Mail Code 8WD-SDB on the envelope.

You should be aware that violations of the regulations may result in formal enforcement action taken against your water system. If formal enforcement action were to be necessary, the Safe Drinking Water Act as amended provides for civil penalties of up to \$67,544 per day of violation. We prefer to resolve problems before such formal enforcement is necessary and we ask for your cooperation to rectify problems quickly and effectively.

Our goal is to work with you to ensure that your system provides safe drinking water to your customers and remains in compliance with federal regulations. If you have questions, please contact our Consumer Confidence Report Rule Manager, Bailey Smith at (303) 312-6940 or by email at smith.bailey@epa.gov.
