Dear Bob:

Gary Ter Haar has recently sent me Gross's report on your balance experiments. I am so pleased that the job has been finished and I just want to hasten to congratulate you for having seen it through to completion.

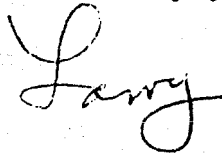

I know Gary is working on exploring the best ways to get it widely distributed and I hope we can work something out soon.

Knowing you, I am sure it has been frustrating not to be able to do every bit of this last stage yourself, but I do hope you are reasonably satisfied with it.

I haven't heard from you lately and do hope your health is coming along fine.

With kind regards, I am

Sincerely yours,

LEB:ab
