This is to thank you, the members of the committee whose term expires June 30, 1980, for having served on the Hourly Safety Committee of the Plant Manager's Safety Board.

Although the committee was not in direct contact with the Plant Manager's Safety Board, we were told of your activities monthly by C.M. Cruse, Arnold Glass and Tony Ozarchuk and had an opportunity to review your many suggestions and contributions to the plant safety program.

We appreciate your efforts, your sincerity, and your contributions. Good safety performance is, as I am sure you are aware, an attitude and a way of life. Every contribution toward encouraging a safer plant is an investment in the health and welfare of our fellow employees.

Again, may I personally thank you on behalf of the Board for your contributions.

G.L. Tromblee
Plant Manager
