

C O P Y

CRAIGHEAD, COWDEN, SMITH & SCHNACKE
714-721 Dayton Savings Building
Dayton, Ohio.

May 18, 1928.

Mr. James McEvoy, Director,
Patent Section,
General Motors Corporation,
Detroit, Mich.

Dear Mr. McEvoy:-

Replying to your letter of May 15th, 1928,
in reference to the matter of compensation to the man named
[REDACTED] beg to say that there are a good many angles to this
matter, and it would be somewhat difficult for me to cover
all of them in a letter to you.

I note that you expect to be in Dayton shortly,
and I would then like to talk to you about this matter,
personally.

In the meantime, it seems to me that it might
be well to have this man examined by Dr. Brower and Dr. Kehoe,
so that we can get a better idea as to what his present physical
condition is, and whether he is still suffering from any effects
of lead poisoning. The report of Dr. Brower and Dr. Kehoe,
I think, would help us very much in determining what, if any,
further compensation should be paid to this man.

Please advise me whether you will authorize me
to have this examination made.

Yours very truly,

(signed) R. E. Cowden.
