Here's Real Paint

House painting isn't a matter of prejudice — it's a matter of business and common sense.

Paint isn't like an apple — you can't tell by looking at it or by biting it how good or bad it is.

It takes weeks, perhaps months, and maybe a year or more to tell whether it was worth what you paid.

S. W. P.

stands for Sherwin-Williams Paint (prepared) and its fifty-year record of results means quality and satisfaction to any painter or property-owner. Be sure the initials are on the label, then you can count on the contents being right.
