

ETHYL CORPORATION

INTER-OFFICE CORRESPONDENCE

TO	Dr. R. A. Kehoe	ADDRESS	Cincinnati
FROM	Alan C. Tully	ADDRESS	Atlanta
SUBJECT	General American Tank Storage Terminal, Goodhope, Louisiana	DATE	February 7, 1946

The following excerpt from a report by Mr. W. G. Munding casts further light on the General American Tank Storage Terminal tank treatment problem:

"I recently took Mr. Cassard two lead free glass containers, and at the present time one container has been filled with a sample of the lube oil as it was pumped from the car to the storage tank. The second container will be filled from the storage tank just prior to its being emptied and I presume Mr. Cassard will then again send the two samples to Dr. Kehoe for his consideration".

We are asking Mr. Munding to make an up-to-date check to see what progress has been made and we will advise you accordingly.
