Mr. P. C. Collopy
Acme Asbestos Covering & Flooring Company
Chicago, Ill.

My dear Paul:

If I am not mistaken, the position in the license schedules for protection of mechanical contractors and so forth, either direct or thru jobbers, was put in at your instigation.

It is questionable whether there will be any price increase in your territory for some little time, at least.

I am wondering if this can't be removed from the general schedule, and then, if and when a price increase occurs, it could be handled by special authorization at the time the increase is made, but would not appear in the schedules to disrupt things.

So far as the east is concerned, I'm sure we can remove it.

Can you let me hear on this by return mail so that we can make a decision before printing our new schedules.

Will appreciate it if you can agree with this viewpoint, and would also like to know whether others in your territory, according to your recollection, feel as you do about it.

Very truly yours,

Donald Tulloch Jr.
