Dear Hugh,

On behalf of Monsanto and the Office Safety Committee, I want to extend my thanks for your dynamic and very informative presentation. We often forget the many practical steps we as individuals can take to avoid becoming victims of crime. Your presentation brought to surface the importance of continued attention to these practical and simple procedures.

The format that CAC uses generates a very motivated and enlightened group. Hugh, you did a superb job of delivery and your enthusiasm carried over throughout the group. I'm sure you'll get a lot of referrals from our Monsanto employees.

With great appreciation,

Leo Garza, Chairperson
Monsanto Office Safety Committee
