GEORGE LEE

In response to your letter, Mr. Niskanen --

-- I am enclosing a sample of standard Tremolite. We do not have a sample of asbestos-free talc available from this office.

If you are a member of the Canadian Cosmetic, Toiletry and Fragrance Association, you should be receiving a copy of the CTFA Specifications and Methods for talc from them. If you are not a member of the CCTFA, please contact me and I will send you a copy of the Specifications and Methods.

Cordially,

Susan L. Finlay
Executive Secretary - Science
