INTERNAL CORRESPONDENCE

 Safety/Health (UNIT)	TO	Marie Alvarez	DATE	August 22, 1994
	FROM	Barbara Pope <i>B. Pope</i>	SUBJECT	Asbestos Removal

Basic Industrial Services will be retained to remove asbestos containing material from Southwestern Refining's Sulfolane Unit.

The asbestos is to be removed from the eight inch rich solvent line coming off the stripper bottoms. The removal expected is from the "T" to the elbow above and two feet on either side of the "T" with a total removal of approximately nine feet. The job scope may be enlarged to include the elbows on either side of the "T" with a total of approximately fifteen feet.

The party to supervise the asbestos removal project and to conduct air monitoring will be Envirotest, Inc. from Houston, Texas. The contact person for Envirotest is Dan Garhart, 713-782-4101.

Please contact me at extension 7375 if you have any questions.
