Hi Sandi,

Hate to bother you again, but I just want to confirm something. On 6/4 I sent you a note confirming the consignee and notify parties for these orders, and Robin, who was filling in for you, replied that they should be Plastichemix. However, since this order is a Draft to India, shouldn't the consignee be either the bank in India, or to the order of shipper? Just want to confirm so that bill of lading will be consigned correctly.

Tks. for your help.
