Subject Ventilation Standard Cognizant Person Training

VISTA

Please be advised that training for those people designated as "Cognizant Person" under the Corporate "Ventilation Standard S&H-850" will be conducted at the Austin R&D facility on **Thursday, July 20, 1995**. Please provide me with a list of person(s) from your facility that will serve this function by **FRIDAY, JUNE 23, 1995**.

Remember, the Cognizant person may not perform all the testing, inspections, or preventative maintenance on the ventilation, but will be responsible for the overall management of the ventilation system(s). Carefull, consideration should be given to individual selection process due to the responsibility and approval authority this person(s) will need to possess.

If you should have any questions or concerns, please contact me at (713) 588-3450.
