Subject: EPA IG Evaluation of EPA Methane Emissions Estimates
Attachments: Comments on EPA IG Review of EPA Methane Emissions Estimates 07-20-2017.pdf

Mandy, Brittany,

As you know, the EPA IG Office announced that it would be reviewing EPA methane emissions related to the oil and natural gas sector. The announcement seemed to focus on issues of underestimation of emissions. IPAA believes that EPA has overestimated emissions and submitted the attached document to the IG Office to identify those concerns.

Thanks,

Lee Fuller
