Re: Owens Illinois
Forest Products Division
Circleville, Ohio

1. On July 14, 1967 a visit was made to the Owens Illinois Company plant at Circleville, Ohio by Samuel E. Van Lieu, Safety Engineer of this Division.

2. Contact was made with Mr. Dave Gillespie, Personnel Director. At the time of the telephone call the personnel director was Mr. Glenn Howell.

3. The phone call for help on a problem was from Mr. James McAllister, Union President. The band saw used for cutting corrugated paper for shipping was creating a dust problem.

4. Since this phone call was made, the above mentioned saw broke a blade injuring an employee. This, in addition to the dust problem prompted its elimination. Therefore the dust problem ceases to be.

5. Mr. Gillespie should be complimented on maintaining a modern and safety minded plant.

Respectfully submitted,

S. E. Van Lieu

S. E. Van Lieu, P.E.
Safety Engineer
