Dr. Robert Kehoe
Kettering Laboratory
College of Medicine
Cincinnati, Ohio

Dear Dr. Kehoe:

I have a patient, Mrs. [REDACTED], who has been somewhat of a diagnostic problem, who is coming to Cincinnati to visit her uncle, Dr. C. Walter Manss. She would like to see you if possible Friday Sept. 18.

For awhile, we were afraid that she had radium poisoning and at that time mentioned your name. I believe now that she has diffuse Scleroderma of which we have not informed her.

Very truly yours,

Wendell B. Gordon
