Dear Mr. Kover:

Enclosed you will find two papers entitled, "The Science of Organic Fluorochemistry" and "Perfluorooctane Sulfonate: Current Summary of Human Sera, Health and Toxicology Data". An additional paper on a preliminary exposure assessment is being finalized and will be sent to you shortly.

I will talk with you in the near future to schedule a meeting between 3M and the EPA where we can discuss in more detail the information enclosed. I look forward to our continued dialog.

If you have any questions, please feel free to contact me.

Best regards,

William A. Weppner
