Thanks Lem!

Andy: Glad to hear you are also attending the Hamm conference in OKC. Would be great to see you - will you be at tonight's reception by chance?

Additionally, Chevron New Energies President Jeff Gustavson is attending for a panel tomorrow morning. Jeff has meetings here with Sec. Burgum and Admin Zeldin, and I wanted to reach out to see if there's a chance for a quick pull aside with Sec. Wright as well. Might that work?

Thanks again and looking forward to seeing you in OK.

Best,
 Michael

Andy,

Two of my colleagues are down there with Jeff Gustavson , who runs our low carbon business, which includes two Hydrogen Hub under DOE.

Hoping y'all might connect down there today, and maybe Jeff could say hello to S1 if things line-up.

Thanks,
Lem
