- ① 1975 - 1976 Chicago plant
raw materials used
* by 6 digit code (since 74, 75 or 76)
- ② after '74 asbestos production shifted to Clive
- ③ since Clt was not a mixer probably
wasn't exposed to asbestos
- ④ bldg → asbestos info: see J Lawrence
- ⑤ review thru Dale Normington

Per Dale Normington

- ① OK to provide list of the manufacturers
of the asbestos we purchased
- ② Does not want to provide any info
regarding the raw materials used
as requested by Celotex. Says the
request is too broad, a fishing expedition
etc, etc. Advises to tell Bauer to
refer to this in his reply to the atty
for Celotex.
