22. Injection Well WDW-243 is a “Class I injection well” as that term is defined by 40 C.F.R. § 144.6(a).

23. On November 5, 1991, EPA approved a no migration petition for a prior owner of the facility pursuant to 40 C.F.R. 37. On or about September 22, 2014, EPA sent an information request letter to the Respondent under the authority of Section 3007 of RCRA, 42 U.S.C. § 6927.

38. On or about October 13, 2014, the Respondent submitted its response to the information request letter.

B. VIOLATIONS

Count One – Disposal of Hazardous Waste into an Underground Injection Well Without a RCRA Permit

39. Pursuant to Sections 3005(a) and (c) of RCRA, 42 U.S.C. §§ 6925(a) and (c) and 30 T.A.C. § 335.43(a) [40 C.F.R. § 270.1(b)], a permit is required for the processing (treatment), storage, or disposal of hazardous waste.

40. 30 T.A.C. § 335.47 [40 C.F.R. § 270.60] provides that the owner or operator of an injection well used to dispose of hazardous waste is eligible for a permit by rule under 40 C.F.R. § 270.60.

41. 40 C.F.R. § 270.60 requires that the owner or operator have a permit for underground injection issued under a state UIC program approved pursuant to 40 C.F.R. Part 144 or 145.

42. The Permit for underground injection identified in Paragraph 24 was issued under a state UIC program approved pursuant to 40 C.F.R. Part 145.²

43. The Respondent disposed of D035 hazardous waste into Injection Well WDW-243 on thirty-four (34) separate days between May 28, 2014 and July 30, 2014. Injection ceased on July 30, 2014.

44. From May 19, 2014 through July 30, 2014, the Respondent did not have a permit for underground injection issued under a state UIC program approved pursuant to 40 C.F.R. Part 145.

² EPA approved Texas' UIC program on January 6, 1982. 47 Fed. Reg. 618. At this time, 40 C.F.R. Part 123 governed the state UIC program approval process. On April 1, 1983, EPA reorganized its permitting regulations, and the provisions of 40 C.F.R. Part 123 became 40 C.F.R. Part 145. 48 Fed. Reg. 14146, 14151. Texas' UIC program for Class I wells is codified at 40 C.F.R. § 147.2200.

45. From May 19, 2014 through July 30, 2014; the Respondent did not have a RCRA permit to dispose of hazardous waste into Injection Well WDW-243 because it did not have a permit for the underground injection of hazardous waste issued under a state UIC program approved pursuant to 40 C.F.R. Part 145.

46. Therefore, the Respondent violated Sections 3005(a) and (e) of RCRA, 42 U.S.C. §§ 6925(a) and (e), 30 T.A.C. § 335.43(a) [40 C.F.R. § 270.1(b)], and 30 T.A.C. § 335.47 [40 C.F.R. § 270.60] by disposing of D035 hazardous waste into Injection Well WDW-243 on thirty-four (34) separate days between May 28, 2014 and July 30, 2014 without a RCRA permit.

Count Two – Failure to Meet Land Disposal Restrictions

47. Pursuant to 30 T.A.C. § 335.431(c)(1) [40 C.F.R. § 268.38(a) & (d)], D035 hazardous waste is prohibited from land disposal unless the D035 hazardous waste (a) is managed in a system whose discharge is regulated under the Clean Water Act, (b) the person is a zero discharger engaged in CWA-equivalent treatment before ultimate land disposal, (c) the D035 hazardous waste is injected into a Class 1 deep well regulated under the Safe Drinking Water Act, or (d) the D035 hazardous waste is treated in accordance with the treatment standards set forth at 40 C.F.R. Part 268, Subpart D.

48. “Land disposal” is defined in 30 T.A.C. § 335.431(c)(1) [40 C.F.R. § 268.2(c)] as meaning “placement in or on the land, except in a corrective action management unit or staging pile, and includes, but is not limited to, placement in a landfill, surface impoundment, waste pile, injection well, land treatment facility, salt dome formation, underground mine or cave, or placement in a concrete vault, or bunker intended for disposal purposes.”

49. The Respondent disposed of D035 hazardous waste into Injection Well WDW-243 on thirty-four (34) separate days between May 28, 2014 and July 30, 2014.

50. The placement of D035 hazardous waste into Injection Well WDW-243 constitutes “land disposal” as that term is defined by 30 T.A.C. § 335.431(c)(1) [40 C.F.R. §268.2(c)].

51. During the period from May 18, 2014 through October 7, 2014, Injection Well WDW-243 was not regulated under the Safe Drinking Water Act because its underground injection control permit expired May 18, 2014.

52. The D035 hazardous waste land disposed of by the Respondent during the period following the expiration of the permit was not managed in a system whose discharge is regulated under the Clean Water Act, the Respondent did not engage in CWA-equivalent treatment of the D035 hazardous waste before land disposal, or was not injected into a Class I deep well regulated under the Safe Drinking Water Act, or was not treated in accordance with the treatment standards set forth at 40 C.F.R. Part 268, Subpart D.

53. Therefore, the Respondent violated 30 T.A.C. § 335.431(c)(1) [40 C.F.R. § 268.38(a) & (d)] by land disposing of D035 hazardous waste into an injection well that was no longer regulated under the Safe Drinking Water Act and without meeting the applicable treatment standard.

56. The Respondent agrees not to claim or attempt to claim a federal income tax deduction or credit covering all or any part of the civil penalty paid to the United States Treasurer.

57. If the Respondent fails to submit payment of the civil penalty according to the schedule set forth above, the Respondent may be subject to a civil action to collect any unpaid portion of the assessed penalty, together with interest, handling charges, and nonpayment penalties, as set forth below.

58. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, unless otherwise prohibited by law, EPA will assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the respective due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. *See* 40 C.F.R. § 13.11(b).

59. EPA will also assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. *See* 40 C.F.R. § 13.11(c). 65. The Respondent waives any right it may possess at law or in equity to challenge the authority of the EPA or the United States to bring a civil action in a United States District Court to compel compliance with this CAFO and to seek an additional penalty for such noncompliance, and agrees that federal law shall govern in any such civil action.
