Australian Blue Asbestos Limited,
SYDNEY.

Produced in Asbestos Personal
Injury Cases: Abrams lead and
copied to Richard F. Scruggs

Dear Sir,

In February, when the poor quality of No. 3 fibre came to your notice, you instructed Mr. West to have Mr. Wallace inspect all No. 3 fibre shipped to John Mansville.

Since the quality of No. 3 now being produced is much better than the maximum of 8% stone and dust set as the limit, we feel that this is no longer necessary. It takes a great deal of Mr. Wallace's time, which can be more profitably spent on his regular duties, and we feel that we can maintain our present standard of production.

We feel, however, that all shipments of No. 1 and No. 2 fibre representing production accumulated prior to January 1st, 1951, should be thoroughly inspected before shipment.

We would appreciate if you would instruct Mr. West accordingly.

Yours faithfully,

R. C. Clarke

ACTING MANAGER.
