

What's your major problem in buying solders and fluxes?

Product range? No problem with Dutch Boy. Select from pig solder, slab, bar, sheet, ribbon, solid wire, drop, pulverized or paste. Select from corrosive, intermediate, non-corrosive or activated rosin fluxes—in liquid or paste form... or in cored wire solders.

Reliability? You can rely on Dutch Boy solders for formula integrity. They're properly refined and made under the most rigid quality control standards to meet your most exacting requirements. You can rely on Dutch Boy fluxes for dependability of acid number, resistivity of water, fluxing action, spread factor, dryness, effect on electroplating copper or electrically polarized wire.

Service? You can get coast-to-coast service from 14 strategically located plants and 28 service offices.

Information? Write for your copy of "Solders and Fluxes for the Electronics Industry." National Lead Company, Room 0000, 111 Broadway, New York, N.Y. 10006.
