From the desk of

HOWARD S. BERGEN JR. 4/2/70.

→ 1) Bill Sprague

2) ~~H.S. Bergen~~

1) We must get more feeding data — any available from Bayer, Inskeep, Kendrick? (To establish as high a limit as possible — if one is going to be established.)

2) Barrett suggests various things — are we doing them?

3) Dr. Fred Lee sounds like he may have some defensive leads for us. Should we all him again?
