Subject: New order from Hagerstown, letter of 9/26/69

Question A. The prices quoted include over pac, but for six months one order. A few items have a different quantity and may need readjustment for set up costs. The Question "C" for you to check ~~cost~~ is will manufacturing stock items for six months and package as needed or release smaller ~~qty~~ quantity mfg'g orders as needed. Lesser quantity orders would require increased costs due to set up charges. How do we handle this?

Question B. We used the specifications as available from the set masters. To assure agreement of specs, we will show the set master date that we quoted against.
