

B·H COLOR MAKES THE LITTLE GAY HOME IN THE WEST"

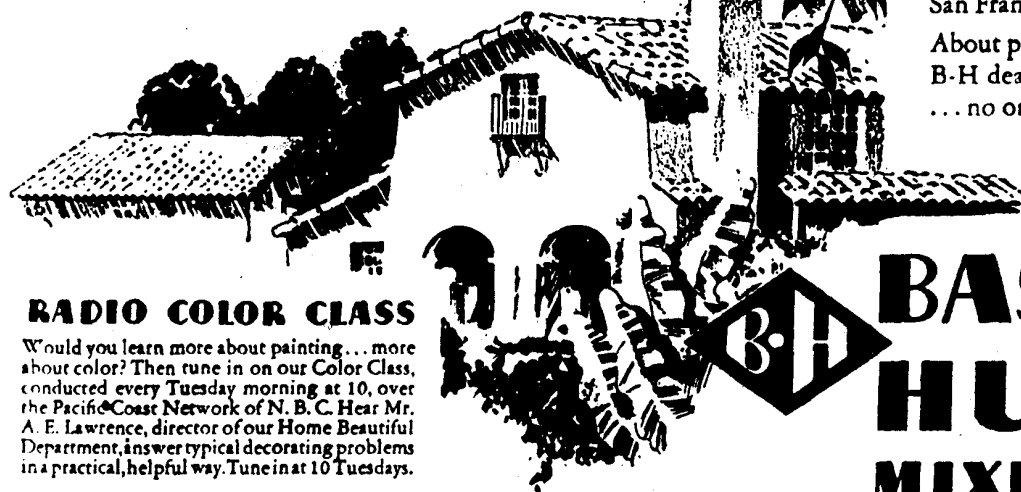

B·H MIXED PAINTS blend your home with the landscape—make it a little gay come in the West. Colors for every type: Spanish—Yumared, Mission buff; Colonial—straw yellow, white; English—warm tan, light brown; Italian—Del Monte gray, cascade green.

Both beauty and protection are here—combined in the finest materials money can buy. Where B·H Mixed Paints are, decay and deterioration are *not*. These fine, carefully formulated finishes are the products of one of the world's largest paint laboratories. They are made to last and stand last—without peeling, without

scaling. They keep their youth like a Westerner.

See for yourself what we mean by "B·H Color." "Color Harmony in the Home, Booklet 2" illustrates homes painted in these modern, Western finishes. We will gladly send you a copy. Just send your name and address to the National Lead Company of California, 2240-24th Street, San Francisco.

About paints and painting, consult your B·H dealer. Your painter, too, can help ... no one knows paint like a painter!
