RE: TSCA 8(E) SUPPLEMENTAL SUBMISSION:
Docket No. 8EHQ-0602-00373

Dear Docket Coordinators:

On October 30, 2002, 3M provided EPA with preliminary results from a oral combined repeated dose toxicity test with reproductive/development toxicity screening test on perfluorohexane sulfonate potassium salt (PFHS). The final report for this study contains results that are consistent with the previously reported information.

Enclosed please find the following final report on CD Rom:

- Oral (Gavage) Combined Repeated Dose Toxicity Study of T-7706 with the Reproductive/Developmental Toxicity Screening Test

Please contact John B. Stenhoff (651-733-1962) if you have any questions or if we can provide additional information.

Sincerely,

Larry R. Johnson
Director, Corporate Toxicology and Regulatory Services
