INJURY RATES PER 200,000 MANHOURS

	1984		1985		1985	1985	
	AUG.	YTD	AUG.	YTD	TARGETS	MFIC	JULY
						TARGET	YTD
TOTAL INJURY-TIR	6.83	8.67	10.60	9.34	---	---	---
TOTAL RECORDABLE-TRR	0.76	0.22	0.00	0.12	0.30	0.95	0.61
TOTAL LOST WORKDAY-TLWR	0.00	0.00	0.00	0.00	0.00	---	0.17
DAYS-AWAY-FROM-WORK-DAWR	0.00	0.00	0.00	0.00	0.00	---	0.17

B. Off-the-Job Safety Performance

	Cases	Frequency
Aug.	4	2.09
YTD	33	2.02

II. ACTION ITEMS

A. Publicity on Safety Performance

Newspaper articles on our excellent safety performance have been published in the Texas City Sun, Galveston Daily News, and the Houston Post. This information has been submitted to Monsanto World News and has also been published in the Texas Chemical Council Minutes.

B. Annual Safety and Housekeeping Inspection

Pictures have been taken and will be shown to Expanded Staff concerning the condition of the plant for the Annual Safety and Housekeeping Inspection. This inspection will be held October 8-9-10, 1985 and will include members of the media and city officials on the Inspection Team.

C. Entry into HHM Areas

In order to assure that proper attention is focused on this item, a SHAC ALERT will be issued highlighting the areas involved and procedure required.

D. Exit at West Gate

There is some concern that bolt cutters will not be available to cut the chain in case of emergency to allow egress from the gate. The Hourly Safety Committee will review and make a recommendation.

E. MESH Program

The Monsanto Exposition on Safety and Health (MESH) was held September 25th at Nessler Center. Approximately 500 people attended this show featuring displays and demonstrations on health and off-the-job safety.
