CARTER

SOFT PASTE WHITE LEAD

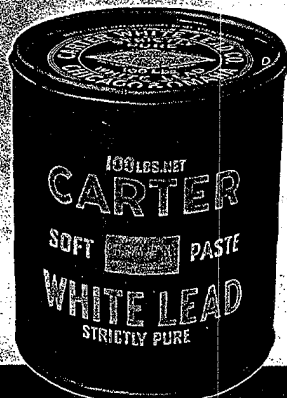

SAVES TIME!

With this time and labor-saving white lead, painters can make the highest quality lead paint at the rate of a gallon a minute. 100 pounds of Carter Soft Paste White Lead (3 1/2 gallons) make about 6 1/2 gallons of paint in just a few minutes of mixing time.

- ... *Easier to thin*
- ... *Easier to tint*
- ... *Easier to spread*

Save the time and your skin by using

THE PURE WHITE LEAD THAT POURS
