Hi Ryan,

Hope you're having great week.

Just wanted to circle back regarding scheduling the meeting with our CEO and Administrator Pruitt. As mentioned during our meeting, he is scheduled to return to D.C. next week for meetings next week, so if there is time on the Administrator's schedule for Wednesday, we'll have our CEO come in a day early.

If not, our CEO is again coming to D.C. the first week of December.

Thank you, Ryan!

P.S. Good luck for you nominees at the EPA hearing tomorrow—we've been help with Qs for the hearing to highlight their expertise and competence.

Hey Ryan,

Thank you very much for meeting with us today. I really appreciate your openness, honesty, and pragmatism—it is quite refreshing! As I mentioned, please use us as a resource. Our organization, members and allies are aligned well with Pruitt and the administration on many water and manufacturing issues. Additionally, as we mentioned, myself and Christopher are Hill/White House alums, and Romney alums, so we are happy to assist you on several different levels.

Finally, we appreciate your help in getting our CEO on Pruitt's calendar yesterday. Unfortunately, with the travel changes, the meeting was cancelled, but we appreciate you facilitating it. Like I mentioned today, our CEO is coming back to Washington, D.C. on November 1 and 2, and also December 1. Would it be possible to get him on Pruitt's schedule during one of these trips?

At our next meeting, we will draft a formal invite to Administrator Pruitt (and you) to come to Southern California to be keynote at the Emerging Water Technology Symposium, as well as set up a tour of the LADPW (<https://dpw.lacounty.gov>).

Please let me know should you need anything further!

Thank you,
