April 14, 1981

Dear Mr.

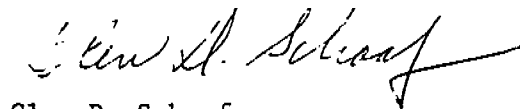

The Vinyl Chloride Safety Association is planning its annual meeting for September 24 and 25, 1981 at Hilton Head, South Carolina. By now you have probably received all the hotel information from our secretary, Herb Olson. We want 1981 to be a good meeting which meets your needs, and I would like to have your comments on the following subjects for proper meeting plans.

1. Comments on the last meeting.
2. What can be improved.
3. What items would you like to see on the agenda.
4. What items would you be willing to present.

I would like your comments back by May 29, so that our program chairman can include some of these items in the agenda.

Sincerely,

BFGoodrich Chemical Group

Glen D. Schaaf
