Mr. Rick Waxwilder of NIOSH (Cincinnati office) called and stated that NIOSH would like to visit South Charleston on March 19. He will write a letter detailing purpose of visit. There will be one or more industrial hygienists and one or more M.D.'s in the group. The following have been requested:

1. Our industrial hygienist personnel be made available.
2. Plant Medical Director be on site.
3. An Employee Relations man, expert in employee records, be available.
4. Unit flow charts with the chemicals used and quantities on a daily basis.
5. Air sampling and medical record data available.
