WASHINGTON, D. C. 20009

December 14, 1967

TO: Members of the Food, Drug, and Cosmetic Chemicals Committee

SUBJECT: Meeting Notice - Further Change in Date for Next
Meeting

Gentlemen:

The next FDCCC meeting is now scheduled for Tuesday,
March 26, 1968 in the MCA Conference Room in Washington.

Please note that this is a change from the February 21
date in the notice that was sent to you September 27.

At the last meeting it was decided to hold the next meeting
following Dr. Spencer's return from the Codex Alimentarius
Commission meeting in Rome. Since the CAC meeting will be held
February 19 - March 2 rather than in January as originally
scheduled, it has been necessary to re-schedule the FDCCC meeting.

The agenda for this meeting will follow.

Sincerely yours,

Morgan M. Hoover
