| FROM    | George F. Kirby     | ADDRESS Baton Rouge   |
| SUBJECT |                     | DATE November 1, 1968 |

Dear Bob:

I received the progress report on lead in air thresholds, together with your cover letter. Dick Scales and I asked Dr. Roush to give us his views on the significance of this information and George has done a nice analytical job, as demonstrated in the attached letter. Probably he will send a copy of these remarks to you, but in the event he does not do so, I thought I would pass this on.

Sincerely,

  
George Kirby
