annie.schlink@sheratonwestdesmoines.com

Audience: Approximately 600, CEOs/General Managers, Board of Directors and key staff of the association members from 35 distribution co-ops and 7 generation and transmission co-ops.

About us: Owned by the members they serve, Iowa's not-for-profit electric cooperatives power the lives of 650,000 Iowans throughout all 99 counties and are committed to delivering power that is safe, reliable, affordable and environmentally responsible. The Iowa Association of Electric Cooperatives exists solely to support the interests of member-owned electric cooperatives, including 35 distribution co-ops and 7 generation and transmission co-ops. Formed in 1942, IAEC provides many vital functions for its members including legislative representation, regulatory oversight, training and education services, safety programs, and communications support.

One thing of note, it is our 75th Anniversary of our association this year and this conference serves as a celebration of those accomplishments our cooperatives have faced in the past 75 years and looking towards our future.

We appreciate the time to address our membership!
