Gwendolyn Johnson
National Safety Council
444 North Michigan Avenue
Chicago, IL 60611

Dear Gwendolyn:

Enclosed is a membership application for Vista Chemical Company, formerly Conoco Chemicals, a Division of Conoco Inc. I wasn't sure how to indicate our needs on the application form so I'll describe them below.

I need a basic membership for Vista with myself as the contact. I also need newsletters for the Research and Development section and Commercial Vehicle section under Motor Transportation.

The R&D newsletter would go to the following:

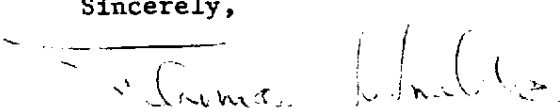

Robert Martin
Vista Research and Development
1000 South Pine
Ponca City, OK 74603

The Motor Transportation letter would go to:

Greg Marchand
Vista Chemical Co.
15990 N. Barkers Landing Road
Houston, TX 77224

Please call at 713/531-3445 if you have questions on the above.

Sincerely,

Thomas G. Grumbles, C.I.H.
Director, Industrial Hygiene

National Safety Council

APPLICATION FOR EMPLOYER MEMBERSHIP

WHAT IS THE NATIONAL SAFETY COUNCIL? The National Safety Council is a non-governmental, not for profit, public service organization that distributes information on the causes of accidents and ways to prevent them. Over 10,000 employer organizations — encompassing 40,000 plants and operating locations — are members, relying on the Council for the facts, ideas, and training programs and materials for their accident prevention programs.

WHO CAN BECOME A MEMBER? Employer membership is intended for manufacturers, mercantile organizations, utilities, trade and service organizations, railroads, motor fleets, airlines, marine fleets, transit lines, state and local government agencies and other organizations interested in providing accident prevention programs for their employees.

HOW DOES MEMBERSHIP WORK? Annual dues are based on the number of full time employees (including of-

fice, professional, sales, and drivers), see Table 1. Fifteen (15) per cent of annual dues are returned to members in the form of accident prevention materials. Please see Table 1 for an explanation of Service Credit.

To assure that every member receives basic Council materials it is recommended that you purchase a "Safety Service" for yourself, as well as others in your organization (see Table 2).

In addition to materials for the safety programs, membership also provides many services which are helpful in planning and implementing organizational accident prevention programs. See Table 5.

HOW TO BECOME A MEMBER. Fill out the enclosed application form and send it to the Council. You will receive accident prevention materials shortly and also receive letters from Council staff about phases of our operations in which you may be especially interested. Council membership is a continuing source of assistance for your accident prevention program.

table 1
ANNUAL DUES &
SERVICE CREDIT

Annual dues are based on the average number of full time employees (including office, professional sales and drivers).

Service Credit (shown in shaded column) is fifteen (15) percent of annual dues and can be applied against the purchase of materials and services. You can select a "Safety Service" (Table 2) or select program materials and services from current Catalogs, Poster Directory, and brochures. Service Credit must be used during your membership year.

Number of Employees	Annual Dues	Service Credit
1- 99	\$105.00	X
100- 349	135.00	X
350- 449	210.00	\$ 31.50

SAFETY
SERVICES

Safety Services are a combination of materials selected by safety specialists and volunteer leaders to provide annual publications and periodicals that keep you up-to-date with the latest developments in safety.

You can select the Safety Service that will best fulfill your needs by referring to the table and the brief description of Services that follows the table.

Safety Services are helpful to others in your organization, too. People in your other locations who are responsible for safety, as well as those non-safety areas such as training, insurance, personnel, etc., will also find them valuable.
