- Drainage Area for Remediation
- SHORT-TERM: Zone(s)
- Utility Lines
- Streets
- Railroads
- Streams
- Solutia Property Line*
- Flood Zone

* NOTE:

The source of the "Flood Zone" coverage is from FEMA. The USGS topographic map used for the digitizing of the flood coverage was georeferenced to State Plane Coordinate System 1983 and is titled "Anniston, AL" with publication date of October 25, 1996.

Solutia's property line is only an estimation. Drainage over the property was visually digitized from Solutia's report figure.
